

SAINT ANNE'S TERRACE
MEMO

TO: Residents/Families

Subject: Thanksgiving

Delivery for the Thanksgiving meal will begin at 12 noon. I have had several of you ask if it is ok for visitors to eat with you on Thanksgiving in your apartment, and it is, it just needs to be during visiting hours of 9:00 a.m. to 1:00 p.m. Please be mindful of how many guests you have in your apartment at one time. We are working hard to keep the Terrace free from the virus and our new guidelines are in place to help keep everyone safe.

Another question that has been asked is about visiting outside with family members after visiting hours. The current visiting hours include outside visitation as well. We have many residents who walk the grounds and sit on the second-floor patio. For the time being our visiting hours end at 1:00 p.m. indoors and outside.

I hope everyone has an enjoyable and safe holiday.
