

SAINT ANNE'S TERRACE
MEMO

TO: Residents/Families
FROM: Terri Monroe
Date: February 1, 2021
Subject: COVID Vaccine

We found out late on Friday, January 29th that Briarcliff Pharmacy will be administering our COVID Vaccines on Tuesday, February 2nd. The vaccines will be given in the dining room.

After receiving the vaccine, you will be observed for 15 minutes for any reaction to the vaccine. The pharmacist will have epi pens available for anyone who might experience a reaction. This vaccine clinic is only for residents that have **not** had their first vaccine.

If you have tested positive for COVID recently it is recommended you wait 90 days before receiving the vaccine. Please check with your physician. If you have a private caregiver that has signed up to get the vaccine, please notify them as their time slot will coincide with their resident's floor.

The schedule is as follows:

- First floor at 10:15 a.m.
- Second floor at 10:45 a.m.
- Third Floor at 11:30 a.m.
- Fourth Floor at 12:15 p.m.
- Fifth Floor at 1:00 p.m.
