

Saint Anne's Terrace Memo

To: **Residents and Families**
From: David Brooks, Associate Director
Date: August 18th, 2021
Re: COVID Exposure & Testing

This morning we have had several staff members test positive for COVID. The first person was tested because two of their grandkids were exposed at school and tested positive, and they had recently spent time with their grandkids.

Due to the proximity in which they work with each other, the window washers, and residents, **we are shutting down all events, activities, and visitation until further notice.** We will continue to deliver meals starting around 2:30pm.

We are currently making arrangements to get our entire staff, and the window washers tested as soon as possible. We are also doing contact tracing for residents. If you are deemed a close contact, we will contact you and make arrangements for you to be tested.

This is a very fluid situation. As soon as we find out more information, we will let you know.
