## PREVENTATIVE CARE FOR CHRONIC ILLNESSES AT HOME

- No technology expertise or Internet necessary
- A Telehealth visit away
- Monitor Diabetes, COPD, CHF, Blood Pressure and other chronic illnesses
- Remote Monitoring is statistically proven to prevent ER visits or illness complications
- Simple, efficient and NON-invasive

### Choose one or all:

- ⇒ **Pulse Oximeter**
- ⇒ **Blood Pressure Cuff**
- ⇒ **Scales**
- ⇒ **Glucometer**
- **Vitals monitored remotely by nurses 24/7**
- **Physician's oversight**
- **Alerts sent to you/your family/your Dr.**
- **Medication Reminders**
- **Completely Covered by Medicare**

**BE YOUR OWN HEALTH MANAGER**
